WORK EXPERIENCE

Frontend Developer – Bisoye-Olu Enterprises, Lagos, Nigeria | July 2021 – 2023

- Developed and maintained responsive web interfaces, ensuring high-quality user experience and performance.
- Collaborated with stakeholders to gather requirements and translate business needs into functional UI components.
- Managed frontend project workflows, coordinating with backend developers and design teams to meet deadlines.
- Analyzed user interactions and web analytics to optimize application usability and engagement.
- Implemented features and improvements to enhance website functionality and visual appeal.
- Prepared technical documentation, dashboards, and presentations to communicate progress and results to management.

PROJECTS:

SHOP-EASY – E-COMMERCE WEBSITE

- Built a responsive, tabbed interface using React and TailwindCSS.
- Integrated APIs and created dynamic UI components for smooth user interactions.

EASY CURRENCY CONVERTER

- Developed a responsive application with React and TailwindCSS.
- Implemented real-time API integration for accurate currency conversion.

CRYPTO DASH – CRYPTOCURRENCY TRACKER

- Built a responsive web app to track favorite coins using React and TailwindCSS.
- Implemented dynamic UI components and data visualization for easy monitoring crypto trends.
